

Standard Features:

- **Compact Desktop Design:** The user-friendly design provides easy installation and operation
- **Integrated Conveyor:** Provides neat, sequential stacking of processed forms
- **Speed:** Up to 6,250 forms per hour
- **Drop-In Top Feed System:** Produces dependable feeding of forms with no paper fanning required
- **14" Form Length Capability:** Flexibility to process forms up to 14" in length
- **Fold Types:** Folds Z, C, Uneven Z, Uneven C, Half and custom folds
- **LED Indicators:** Notify an operator when the power is on, a cover is open, the paper runs out or a fault occurs
- **Hopper Capacity:** Up to 200 forms, 20#
- **Easy-Adjust Pre-Marked Fold Plates:** Makes changing fold type or form size quick and easy
- **Six-Digit resettable Counter:** Provides maximum audit control

Options:

- **Locking Cabinet:** Fully enclosed for storage
- **402 Series Jogger:** Reduces static electricity from forms and aligns them for proper feeding

Economical, Practical Pressure Seal Solution

The FD 1502 Plus AutoSeal® offers a user-friendly mid-volume solution for processing one-piece pressure-sensitive mailers. A processing speed of up to 6,250 forms per hour enables operators to complete daily jobs with ease. Plus, the integrated output conveyor keeps processed forms in a neat, sequential order, ready for the mail.

Newly redesigned fold plates are clearly marked and easier to adjust, making the FD 1502 a breeze to setup, right out of the box. With the capacity to process 14" forms, it has the versatility to fold and seal virtually any mid-volume application to meet your needs. Fold plates are marked for four standard folds - Z, C, Uneven Z and Half folds - and can be easily reset for custom folds including Eccentric Z and C-fold mailers.

The compact desktop design and ease of set-up and operation make this unit ideal for small offices or individual departments. Built in the USA with proven Formax technology, the FD 1502 Plus is an economical solution with the quality and reliability you have come to expect from Formax.

Flexible

The FD 1502 Plus handles a variety of even panel forms up to 8 1/2" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form. The extended fold plate processes uneven panel forms up to 8 1/2" x 14".

User-friendly Control Panel

Pressure Seal Solution

The AutoSeal® FD 1502 Plus, combined with a laser printer and pressure seal forms, creates a secure, time saving and efficient solution for paper processing.

Standard "Z" Fold Process

Dependable & Powerful

The FD 1502 Plus is built with proven Formax technology. Heavy-duty steel construction offers the dependability and power expected of a larger unit in a smaller package. A hopper capacity of up to 200 forms and processing speed of up to 6,250 forms per hour enables an operator to complete daily jobs in no time. Plus, the integrated output conveyor keeps processed forms in a neat, sequential order.

Integrated Output Conveyor

Ease of Operation

The FD 1502 Plus is designed for user-friendly operation. Simply set your folds according to the clearly marked settings on the fold plates, load your forms using the drop-in feed system, press start and you're on your way. The FD 1502 Plus has LED indicators for power on, fault detection, paper out and cover open. It also includes a six-digit counter for audit control and an integrated output conveyor.
